

Dear Parent,

This fall, we're introducing a new mathematics curriculum, called *Eureka Math*.

WHAT IS EUREKA

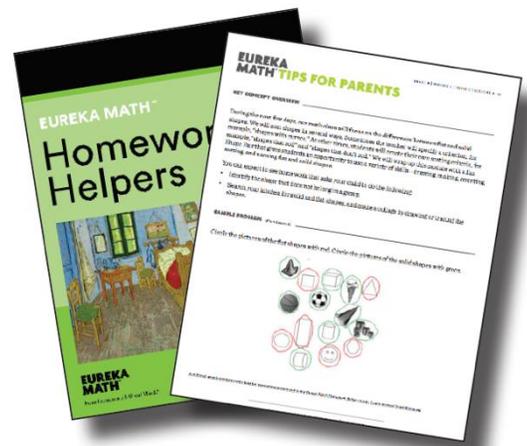

The *Eureka Math* curriculum was created by Great Minds, a nonprofit that brought together teachers and experts to craft a program based the world's most successful math programs. Eureka was built around the core principle that students need to know more than just what works when solving a problem—they need to understand why it works.

The curriculum goes beyond facts and formulas, teaching students to think about math conceptually. This helps students become not merely literate, but fluent in mathematics.

PARENT RESOURCES

Your involvement in your child's education can have a significant impact on his or her success in school, that's why the teacher-writers who developed the curriculum, also created a suite of parent support resources that will help you support your child at homework time. These resources include:

- **Homework Helpers** — A grade-level resource that provides step-by-step explanations of how to work problems similar to those found in *Eureka Math* homework assignments. There is a Homework Helper to go with every homework assignment in the curriculum.
- **Parent Tip Sheets** — Topic-level tip sheets that explain math strategies and models, provide key vocabulary, sample problems, and links to useful videos.

WHY EUREKA

Eureka has received high ratings from educators and reviewers nationwide. Other schools and districts are seeing growth and impressive test scores after using *Eureka Math*. Beyond these positive reviews and results, the decision to introduce *Eureka Math* in all Archdiocese K-8 classes based on the significant improvement in student math achievement we saw in our own schools where we piloted the curriculum in recent months supported by the enthusiastic endorsement of our teachers who tested the curriculum.

Read more about this successful pilot at <http://tinyurl.com/gwq6jdn>.

GETTING STARTED

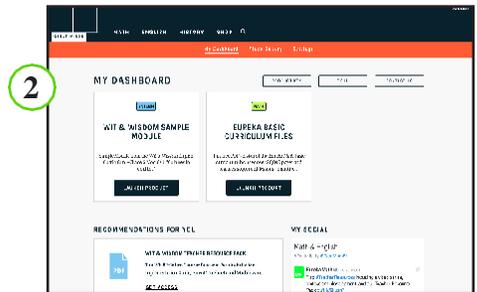

Accessing these free online resources is simple:

1 CREATE AN ACCOUNT

Visit GreatMinds.org/signup to sign up for your free parent account. Enter your name, email address, zip code, and select “PARENT” as your role. Then click the “CREATE” button. (Rest assured, your name and contact information will never be sold or shared with outside organizations.)

2 ACCESS YOUR DASHBOARD

Once you have created an account, you will have access to your personalized dashboard. (This is where you'll access or “launch” digital resources you check out with from the SHOP.)

3 CLAIM YOUR FREE HOMEWORK HELPER

To access a free Homework Helper eBook find the “PRODUCT KEY” button to the right of “MY DASHBOARD”. Click on it and enter **HWH26JT**.

Your Product Key will only grant you access to **one grade-level** Homework Helper. (If you have children in several different grades, you must click on “PRODUCT KEY” and re-enter the Product Key to access additional grade-level eBooks.)

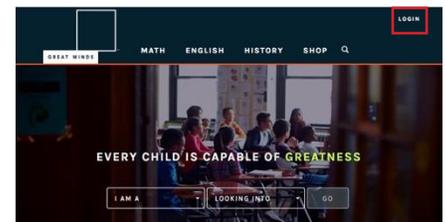

4 VISIT THE SHOP

For additional parent support resources, such as Parent Tip Sheets and Grade Roadmaps, visit our SHOP at eurmath.link/parent/shop.

ACCESSING YOUR ACCOUNT

To access your account and products the next time you visit GreatMinds.org, select “LOGIN” in the right-hand corner of the site and enter your email and the password you selected when you created your account. Once you've logged in, you will automatically be directed to your Dashboard.

HAVE ANY QUESTIONS?

To learn more about how *Eureka Math* can set your child up for success, call (844) 853-1010 or visit www.eureka.support.
